

# Iroda Mirzaolimova

Developer, Pharmacist

I am a student currently taking a course on machine learning with Jeremy Howard. I am deeply interested in the field of technology and have completed several other courses on Python and web development. I have a strong passion for learning new skills and improving my knowledge in the tech industry. In my free time, I like to work on personal projects and applying my knowledge to solve real-life problems. I aspire to become an expert in my field and make significant contributions to the world of technology.

Additionally, I am a dedicated and hardworking student in my institute. I have consistently maintained good grades and have been recognized for my academic achievements. I have also had the opportunity to write several theses and research papers about biology and pharmacy, which has allowed me to hone my analytical and writing skills. I am committed to pursuing excellence in my academic and professional pursuits and am confident that my passion for learning and dedication to my goals will help me achieve success.
